

### Stockbridge Community Schools

The Board of Education for Stockbridge Community Schools is in search of a new superintendent.

Stockbridge Schools offer a diverse and balanced curriculum that enhances and maximizes the learning potential for all students. Our emphasis is to continue to expand relevance based instructional coursework with high quality instruction for the development of college and career ready skills for students. We would also like to strengthen and continue to build relationships both locally and regionally with businesses, industry and post-secondary institutions.

Stockbridge supports these efforts through offerings such as our award-winning robotics and journalism programs, K-12 STEM programming, and 1:1 technology. Stockbridge was a recipient of a Marshall Plan Talent grant in 2019 and boasts newly updated facilities while also being recognized as an ALICE trained district.

Stockbridge Community Schools strives to be an exemplary learning community. We create the foundation of this community through meaningful relationships, relevant and rigorous learning, and effective communication.
