

Meridian Public School District

Posting for Superintendent

Meridian schools’ mission is to create a supportive and responsive learning environment, educating all students for the workplace and life-long learning.

Meridian Public Schools enrolls approximately 1360 students living in and around the communities of Sanford, Hope, and Edenville in Midland County, Michigan. Located just 10 miles to the west of downtown Midland, Meridian is a short drive from Central Michigan University, Northwood University, Saginaw Valley State University, and Delta College.

From elementary through high school, our schools combine modern technology with innovative teaching techniques and a culture of student responsibility – enabling, engaging, and empowering students. Meridian is Midland County’s only New Tech school system – part of a national network that focuses on students’ success from elementary through high school, no matter their chosen fields. Meridian Public Schools offers a K-12 (indeed, a pre-K-13)* education that goes beyond the traditional school experience to use proven methods of increasing post-secondary success. All students are encouraged to *reach higher* – expanding and developing their potential to succeed academically and in life. We do this by:

- Focusing on skills, not just scores ([Outcomes That Matter](#))
- Emphasizing ways of thinking, learning, and problem-solving that are crucial to thriving in modern society ([Teaching That Engages](#))
- Fostering strong, independent, and respectful learners ([Culture That Empowers](#))
- Integrating and developing fluency with today’s hardware and software tools ([Technology That Enables](#))

*Meridian Public Schools allows students to earn college credits while in high school and take a tuition-free year of college through our partnership with Delta College.
