

Morley Stanwood Community Schools

The Board of Education for Morley Stanwood Community Schools District is in search of a new superintendent. This is only the preliminary posting; a detailed profile of the ideal candidate will be added at a later date. We encourage interested applicants to refrain from applying until the profile is posted.

Location - Morley Stanwood Community Schools is located at 4700 Northland Drive, Morley, MI 49336. The school district is comprised of two villages, Morley and Stanwood. Located just 15 minutes south of Big Rapids with Ferris State University, major grocery and store chains, as well as community resources. Morley Stanwood Community Schools is located 45 minutes north of Grand Rapids, where there are major shopping centers and malls, entertainment (Van Andel Arena, DeVos Place Performance Hall, and several others), as well as fine dining options. Morley Stanwood is also 45 minutes west of Mt. Pleasant which boasts much of the same with Central Michigan University and several entertainment and food options. Morley Stanwood is surrounded by beautiful lakes, camping, and the newly opened Dragon Trail system for hiking, biking, and winter activities. The Fred Meijer paved trail system also extends throughout this entire community as Morley Stanwood is located directly on this trail system that extends from Grand Rapids to Cadillac for biking, walking, running, and snowmobiling.

District – Morley Stanwood Community Schools offers two primary buildings located on the same campus. Within one location, the elementary school provides space for early education programming through fifth grade. The elementary school provides approximately 3 classrooms per grade level as well as music, art, Spanish, and gymnasium for instruction. The middle/high school building offers instructional space for those in grades sixth through twelfth grades. This building is largely two stories whereas the middle school operates on the second story and the high school classrooms are on the main floor. The common areas of the cafeteria, media center, and gymnasium are utilized by both schools. All buildings have secure entrances and our central office is located within the middle/high school. Morley Stanwood Community Schools successfully passed a bond in 2020 which has offered the ability to perform several upgrades to our school grounds. In the past few years, we have created and updated new parking lots with lighting, updated the elementary school windows, hallways, and gymnasium, added classrooms in both buildings, and there are many more upgrades planned. We are currently in the planning stage of the fourth stage (of five) for this bond series. The school campus also includes a football field, track, one baseball field, and two softball fields, as well as a cross country course. Historically, Morley and Stanwood each had their own elementary school. In 2012 the decision was made to consolidate. The Morley Elementary School now serves as a community center and is rented (current 30 year lease) for these purposes. The Stanwood Elementary School has been repurposed as an Early Childhood Learning Center and provides early childhood services through the local MOISD, and Great Start Readiness, as well as a portion of the building being rented out to a local daycare operation for after school activities.

District Data:

- Enrollment - 970
 - Elementary School – 442
